50X1-HUM

	Sanitized Copy Approved for Release 2010/07/27 : CIA-RDP80T00246A050	600400001-5 X1-HUM
· 1.	NAVAL:	at a position
	eight nautical miles north of Kildin Island, four surface ver	ssels and three 50X1-HUM
	submarines were observed near the coast to the so	NABATA MATA TIT
	line ahead on a northerly course, at great speed.	50X1-HUM
	Description: Three of the surface vessels appeared to	-
	"destroyer types", flush-decked, with two smokestacks.	
	The fourth surface-vessel lay higher in the water than t	
	had; she was a flush-decker and had one smokestack. The ship	had large
	tarpaulins around the forward and after decks.	
	One of the submarines had a large, white-painted, ball-1:	ike object 50X1-HUM
	far forward on the bow.	
2.	AIRCRAFT:	
~•		at a 50X1-HUM
	position east of Bolshoi Gorodietski, twelve large jet-airplan	les were observed
	Description: The aircraft were identical, with wings angled	back and two
cond	ense strips following each plane.	
		50X1-HUM
	HARBOR: Five ships, each 230 feet long, could lie at the pier	simultaneously.
